# INDEX

## Baselines

- clearing, 76, 77
- saving a project, 65, 66
- saving additional, 72, 73
- saving an interim plan, 73, 74, 75
- updating tasks, 70, 71
- updating the entire project, 68, 69
- using, 64
- using tables, 64

## Calculation

- manual, 9

## Consolidating

- open projects, 168, 169

## Copy picture

- of a project, 233, 235

## Copying

- project data to a new project, 150
- task names to a new project, 155

## Costs

- viewing with the Project Guide, 125, 126

## Data

- analyzing final, 149, 150
- copying task names to a new project, 154, 155
- correcting actual, 147, 148
- exporting to the Project Excel Template, 210, 211
- exporting with a custom map, 205, 207
- exporting with an existing map, 202, 203, 204
- importing with a custom map, 197, 199, 200
- importing with an existing map, 195, 196
- importing with the Project Excel Template, 210
- saving a project as a database, 212, 214
- using final in a new project, 150, 152, 153
- using import/export maps, 194

## Drawing toolbar

- using, 10, 11, 12

## Earned value

- cost and schedule indicators, 123, 124, 125
- viewing, 120, 122

## Excel

- importing/exporting with the Project Excel Template, 210

## Export Wizard, 194

## Exporting

- data using a custom map, 205, 207
- data using an existing map, 202, 203, 204
- to a database, 212
- to the Project Excel Template, 210, 211

## Filters

- creating custom, 17, 18, 19
  - using AutoFilter, 16
- Gantt Chart Wizard
  - using, 50, 51, 52
- Graphical Indicators
  - using, 228, 229, 230
- Graphics
  - copying a project to a picture, 233
  - inserting, 220, 222
  - using, 220
- Grouping
  - creating a custom, 26, 27, 28
  - resources or tasks, 24, 25
- HTML files
  - saving a project as, 237
- Hyperlinks
  - creating to a view, 226, 227
  - creating to another file, 223, 224, 225
- Import Wizard, 194
- Import/Export maps
  - using, 194
- Importing
  - data using a custom map, 197, 199, 200
  - data using an existing map, 195, 196
  - using the Project Excel Template, 210
- Links
  - creating to another file, 223
- Master projects
  - working with, 160
- Microsoft Project
  - setting options, 2, 4
- Options
  - Auto Save, 5
  - setting calculation, 9
  - setting save, 5, 6
  - setting schedule, 7, 8
- Organizer
  - customizing the global template, 48, 49
  - using, 46, 47
- Outline codes
  - creating custom, 53, 55
- Printing
  - changing page setup options, 138, 139
  - using Print Preview, 136, 137
- Progress
  - applying progress lines, 111, 112, 113
  - checking with the Project Guide, 109, 110
  - entering actual and remaining durations, 103
  - entering actual and remaining work, 100, 101
  - entering the percent complete, 97, 98, 99
  - entering timephased work values, 104, 105, 106

- setting the status date, 85, 86
- tracking, 82
- tracking with the Project Guide, 94, 95, 96
- updating completed tasks, 83, 84
- updating projects on schedule, 92, 93
- updating tasks not on schedule, 88, 89
- updating tasks on schedule, 86, 87
- viewing slippage, 90, 91
- viewing summary information, 114

Project Guide

- viewing costs, 125, 126

Projects

- analyzing final data, 149, 150
- consolidating open, 168, 169
- copying data to a new project, 150, 152, 153
- copying to a picture, 233, 235
- correcting actual data, 147, 148
- creating a subproject, 160, 161, 162
- inserting, 163, 164, 165
- linking and unlinking subproject tasks, 170, 171, 172
- linking other applications, 220
- saving a workspace file, 174, 175
- saving as a database, 212, 214
- saving as an Excel workbook, 210
- saving as an HTML file, 237, 238, 239
- using graphics, 220
- viewing multiple critical paths, 173, 174
- working with master, 160

Reports

- changing page setup options, 138, 139
- creating, 127, 128
- creating crosstab, 132, 133, 134
- creating custom, 128, 129, 130
- printing, 140, 141
- using Print Preview, 136, 137

Resource pools

- creating, 180, 181
- linking to a project, 182, 183
- opening, 188, 189
- opening sharer files, 184, 185
- updating, 186, 187
- working with, 180

Sharer files

- opening, 184, 185

Sorting

- a view, 21
- creating a custom, 22, 23

Status date

- setting, 85, 86

Subprojects

- creating, 160, 161, 162

- inserting, 163, 164, 165
- linking tasks, 170, 171, 172
- unlinking, 166, 167
- unlinking tasks, 170, 171

#### Tables

- adding columns, 43, 44
- applying to a view, 34, 35
- creating custom, 39, 40, 41
- hiding columns, 45

#### Tasks

- copying to a new project, 154
- marking complete, 146

#### Tracking

- actual and remaining durations, 103
- actual and remaining work, 100, 101
- applying progress lines, 111, 112, 113
- entering the percent complete, 97, 98, 99
- progress, 82
- rescheduling uncompleted work, 107, 108
- tasks completed on schedule, 83, 84
- tasks not on schedule, 88, 89
- tasks on schedule, 86, 87
- timephased work values, 104, 105, 106
- updating projects on schedule, 92, 93
- using the Project Guide, 94, 95, 96
- viewing slippage, 90, 91

#### Tracking Gantt

- using, 66, 67

#### Views

- creating a hyperlink to a view, 226, 227
- creating custom, 36, 37
- Tracking Gantt, 66, 67

#### Web pages

- saving a project as an HTML file, 237, 238, 239

#### Work

- rescheduling uncompleted, 107, 108

#### Workspace files

- saving, 174, 175
